Questions? Contact:

Mike Miller or Don Bowerman

Boats arriving early at the starting area near Hemingway Point experienced very light winds, with little breeze visible towards Boyne City, and it appeared it could possibly rain soon.

The breeze filled in over the entire lake approx 10 minutes prior to the warning signal.

Race Chairman and RC Don Bowerman started the race @ 16:00, between 2 buoys creating a "Gate", towards the Green buoy at Horse Point, then to a buoy set near Boyne City, then return thru Gate at start line, then to CYC Mark C, then to CYC Mark F, then return to and finish between Gate at start area.

We were last boat, and had completed the course and sailed back to the dock arriving shortly after sunset and well before darkness; under blue, clear skies.

Don had indicated earlier in the week; the race was planned the night of the full moon and hopefully we might see some small fireworks being set off along the shoreline. He was right! Before we left the dock, we were treated to a bright orange full moon rising and several fireworks display both nearby and in the distance.

Thanks Don, for all your efforts!
